Schools to believe in!

OUR VISION

INSPIRED BY OUR RICH HERITAGE AND CHALLENGED BY THE STRUGGLES OF OUR PAST, WE ARE AN INCLUSIVE CATHOLIC EDUCATIONAL COMMUNITY CALLED TO EXPRESS OUR MISSION AS CHURCH TO PASS ON THE GOOD NEWS OF JESUS CHRIST, TO MAKE IT RELEVANT IN THE WORLD TODAY, AND TO BE THE HOPE FOR THE FUTURE.

IN A SPIRIT OF FREEDOM, AFFIRMATION AND CELEBRATION TODAY, WE STRIVE TO...

- Facilitate an active faith journey rooted in prayer and the sacraments.
- Enhance relationships among members of the home, school, parish and extended community.
- Foster a worldview shaped by the Catholic conversation about life's meaning and purpose.
- Nurture the giftedness, self-worth and potential of each individual.
- Reverence the dignity of the whole person.
- Integrate the Catholic faith tradition in a critical analysis of the arts, media and technology.
- Sustain safe school environments characterized by warmth, hospitality, good humour and joy.

OPEN TO MYSTERY AND ENDLESS DISCOVERY IN THE LORD, WE ARE CALLED TO...

- Develop and implement a distinctive Catholic curriculum based on the Ontario Catholic School Graduate Expectations.
- Make a difference as faith-filled community builders.
- Challenge the consumer culture with lives dedicated to the principles of social justice in the spirit of gospel values.
- Model a servant leadership style following the example of Jesus.
- Claim our role as global stewards cherishing the environment and all life in it.
- Engage in the pursuit of life-long learning.
- Love unconditionally.

*This is what Yahweh asks of you: only
this, to act justly, to love tenderly, and to walk humbly with
your God.
Micah 6:8*

Feedback Process

Located on our RCCDSB website, under the heading of Accessibility for Ontarians with Disabilities, the public can access the identified contact number 613-735-1031 and/or email clint.young@rccdsb.ca to share concerns and feedback.

The Board will also utilize constituency groups such as the Special Education Advisory Committee (SEAC) to gather feedback.

All feedback gathered will be shared with the Accessibility Working Group to determine how we can better support students, staff, parents/caregivers, and members of the community who are identified as having a disability.

Executive Summary

The purpose of the **Accessibility for Ontarians with Disabilities Act, 2005 (AODA)**, is to improve opportunities for people with disabilities and to provide for their involvement in the identification, removal and prevention of barriers and to promote their full participation in the life of the province. To this end, the AODA requires each school board to prepare a multi-year accessibility plan, to consult with people with disabilities in the preparation of this plan, and to make the plan public.

This is the thirteenth plan prepared by the Accessibility Working Group of the Renfrew County Catholic District School Board (RCCDSB). The report describes:

1. the measures that the Renfrew County Catholic District School Board has taken in the past, and,
2. the measures that the Board will take in the next three school years (December 2020 to December 2023) to identify, remove and prevent barriers for people with disabilities who use the facilities and services of the Board - including students, staff, parents and other members of the community.

The RCCDSB remains committed to the continual improvement of access to school board facilities, policies, programs, practices and services for those with disabilities; including, students, staff, parents/guardians, volunteers, and members of the community. To demonstrate our commitment, our plan provides for the participation of people with disabilities and various disability groups.

Aim

This report describes the measures that the RCCDSB has taken in the past number of years and the continued efforts that will be made over the next three-year period in order to identify, prevent and remove barriers for those individuals with disabilities as they access our services and facilities within the RCCDSB.

Objectives

This plan:

1. Describes the process by which the Renfrew County Catholic District School Board will identify, remove and prevent barriers for people with disabilities.
2. Reviews efforts at the Renfrew County Catholic District School Board to remove and prevent barriers for people with disabilities during the past year(s).
3. Outlines the policies, procedures, programs, practices and services that the Renfrew County Catholic DSB will review in the upcoming year(s) to identify barriers for people with disabilities.
4. Describes the measures the Renfrew County Catholic DSB will take in the upcoming year to identify, remove and prevent barriers for people with disabilities.
5. Describes how the Renfrew County Catholic DSB will make this accessibility plan available to the public.

Commitment to Accessibility Planning

The Renfrew County Catholic District School Board is committed to:

1. Establishing an Accessibility Working Group;
2. Consulting with people with disabilities and community-based agencies that advocate on behalf of those with disabilities;
3. Ensuring school board policies and procedures are consistent with the principles of accessibility; and,
4. Improving access to facilities, policies, programs, practices, and services for students, staff, parents/guardians, volunteers, and members of the community.

DESCRIPTION OF THE RENFREW COUNTY CATHOLIC DISTRICT SCHOOL BOARD

Located in Eastern Ontario, approximately 100 km northwest of Ottawa, the Renfrew County Catholic District School Board comprises of 21 schools (19 English Catholic Elementary Schools - 1 of these a Virtual Elementary School, and 2 English Catholic Secondary Schools - with a Virtual Secondary school option combining students from both sites) in 16 communities, the majority of which are rural. Our district covers a wide geographical area of more than 7,851 square kilometres from Deep River in the north to Calabogie in the south to Arnprior in the east and Barry's Bay in the west. There are 550 employees providing education for approximately 4600 students.

UNIVERSAL DESIGN PHILOSOPHY

Through the Ontario Ministry of Education document, “**Learning for All – A Guide to Effective Assessment and Instruction for All Students, Kindergarten to Grade 12, 2013**”, school boards in Ontario were directed to follow a universal design for learning (UDL) model.

Universal design for learning was inspired by work in architecture on the planning of buildings with a view to accessibility for people with physical disabilities (Turnbull et al., 2002). Architects observed that the added improvements facilitated access for all users, not just people with physical disabilities. An access ramp, for instance, provides a person using a wheelchair with easier access to a building, but it also makes it easier for a parent with a child’s stroller, a traveler with a baggage trolley, or someone using a walker.

Eventually, researchers in other fields noted that specialized technology meant for the target population is also useful for others. The notion that assistance targeted at a specific group can help everyone, bolstered by recent research on inclusion and new technologies, has now made its way into the field of education.

Universal design ensures that the classroom and other learning environments are as usable as possible for students, regardless of their age, ability, or situation.

The principle of universal design guides decisions made by the Renfrew County Catholic District School Board.

Universal design for learning principles:

- ✓ equitable use
- ✓ appropriately designed space
- ✓ flexibility
- ✓ simplicity
- ✓ safety
- ✓ different modes of perception

Accessibility Working Group

The focus and commitment of the Accessibility Working Group includes:

- Conducting surveys and consulting with schools, staff and students to determine present barriers with respect to supports, services, and facilities in the school board;
- Examining the reasons 'why' certain barriers exist and determining how these barriers will be addressed, prevented and removed;
- Preparing reports and supporting documentation regarding current states and practices with regards to barriers and services for those with disabilities;
- Updating and presenting the Accessibility Plan to the Special Education Advisory Committee and the Board of Education for approval at least once every five years;
- Making the plan available and accessible to the public.

Barriers

A number of barriers have been identified for people with disabilities. The categories include:

- ❖ **attitudinal barriers**, for example, assuming people with a disability can't perform a certain task when in fact they can;
- ❖ **architectural and physical barriers**, for example, a step at the entrance to a building or counters that are too high;
- ❖ **technological barriers**, such as websites not formatted for screen readers or font adjusters;
- ❖ **information or communication barriers**, for example a publication that is not available in large print; and
- ❖ **policies or practices which create barriers**, for instance not offering different ways to complete a test.

<https://www.ontario.ca/page/accessibility-laws>

Barrier Identification Process

The Accessibility Working Group met in November 2020 to review the previous 3-year plan and provide updates for the 2020-2023 Accessibility Plan. The goals of this meeting included:

- discussing barriers that were addressed in the previous year(s)/plan;
- identifying new barriers to be addressed or areas that require focus;
- re-designing the Accessibility Plan – including the continuation of a multi-year plan.

Process for Reporting Barriers

1. Individual discusses their concern with the principal or manager of the facility within which the issue exists.
2. The principal or manager notifies the Chair of the Accessibility Committee of the concern.
3. The appropriate course of action will be recommended:
 - a) work order
 - b) resources
 - c) consultation for direction

Recent Barrier-Removal Initiatives

ATTITUDINAL BARRIERS:

The Renfrew County Catholic DSB continues to promote inclusionary practices for all students, staff and community members.

- A number of professional development opportunities have been provided for staff. These include: Learning Disabilities through Sagonaska Demonstration School, Autism Focused Intervention Resources and Modules (AFIRM), Hearing Awareness Workshops, Everyday Speech (Social Skills Training), Student (de)stress Strategies, Sensory Strategies, Behaviour Management Systems (BMS) Training, Safe Work Practices, Health and Safety Awareness Training, Blind/Low Vision Professional Development, Cognitive Behavioural Therapy.
- Program for the Education and Enrichment of Relationship Skills (PEERS) at both High schools. This is an evidence-based program for teens and young adults with ASD.
- After School Skills Development Program for Elementary students with ASD (e.g. *Mission Cognition*).
- The Renfrew County Catholic DSB continues to work in partnership with local associations and community partners to provide professional development opportunities for students, parents, and staff.
- A broad representation of members has been maintained on the Accessibility Committee. Members include staff from Plant Services, Human Resources, Transportation Consortium, Principals, Senior Administration, Special Education Department, and Community partners (CHEO). A student representative as well as a School Custodian have joined the Accessibility Committee.
- RCCDSB Wholeness and Wellness Program, with Wellness Champion representatives at each school and the Board Office. This initiative is to support positive mental health in the workplace. Helping to end the stigma around mental illness can help people seek the help they need and create positive change.
- Accessibility Committee Representation on our Board's Equity and Inclusion Committee.

ARCHITECTURAL AND PHYSICAL BARRIERS:

The Plant Services Department is committed to greater accessibility in, out of and around the buildings for which we are responsible. They will continue to monitor and address identified barriers as budget and timelines permit.

Focus areas included:

- Monitoring of Existing Barrier-Free Installations in all schools (see Appendix C);
- Close monitoring of new playground updates to ensure they meet accessibility requirements.

Note: An itemized list of barriers removed in the past few years is available by contacting our Plant Services Department. Appendix C is included which outlines **Barrier-Free Installations** across the system.

TECHNOLOGICAL BARRIERS:

We continue to support exceptional learners through the use of adaptive equipment and programs.

Recent Technological initiatives included:

- **SEA Equipment Claims** for students within the school board. Equipment includes, but is not limited to:
 - ✓ Sensory equipment;
 - ✓ FM systems; Hushhups;
 - ✓ Computer technology (laptops, tablets, Chromebooks);
 - ✓ Programs and applications include: Google Suite For Education, Read & Write Extension, speech-to-text features, text-to-speech features, specialized Speech and Language Applications, etc.;
 - ✓ C-Pens & Livescribe Echo Smartpens - tools to provide students with quick access to text.
- Students with a Special Equipment Amount (SEA) for assistive technology continue to be provided with several hours of small group and/or individualized training by one of our RCCDSB Assistive Technology Trainers.
- School staff and, if possible, parents are invited to participate in the training with students in order to provide a continuity of support for the exceptional learner in the classroom and at home.
- SEA equipment is upgraded as needed. (Equipment is upgraded if there are changes in a student's needs or if the equipment is outdated.)
- Both small and large group training sessions on assistive technology have been provided upon request to staff and students by our RCCDSB Assistive Technology Trainers.
- At the start-up of the school year, the Special Education team works to secure a SEA trainer in each school. This allows for updated inventory of SEA equipment, in-house assistance when a student or staff member is having technical difficulties or requires some refresher training.
- Purchase of Boardmaker and Everyday Speech licenses to primarily support our students with language impairments and ASD, although many students across the system have benefitted from these programs.

INFORMATION AND COMMUNICATION BARRIERS

The Renfrew County Catholic DSB is committed to making our information and communications accessible to people with disabilities.

Focus areas included:

- Board and school websites have been reviewed to assess level of accessibility.
- New sites and web meet WCAG 2.0 (Web Content Accessibility Guidelines), Level A standards.
- High school libraries provide accessible or conversion-ready formats of print resources upon request within a reasonable amount of time.
- Single Sign-On feature available for staff to ensure easy access to Board resources and information.
- Continued access and training to Texthelp's Read&Write and promoting OrbitNote as a more accessible way for students to access documents.

POLICY BARRIERS

The Renfrew County Catholic DSB ensures that all policies and procedures will be reviewed to ensure Equity & Inclusion and Accessibility for all.

Focus areas the past few years included:

- Ensuring implementation of Human Resources' bias-free hiring policies.
- Making recruitment and hiring practices accessible - making applicants aware of accessibility accommodations and notifying successful applicants of policies for accommodating employees.
- Employees with an occupational or non-occupational illness or injury who require accommodations to return to work are supported through the Board's Return to Work programs. The objective of the program is to return employees to their pre-illness/injury status as soon as possible, consistent with their medical condition.
- Review of policies on a cyclical basis, including the consideration of Equity & Inclusion and Accessibility legislation.
- The RCCDSB Attendance Support Program (a non-disciplinary program) aims to support regular, punctual attendance at work, and to treat absences consistently and equitably across the organization.
- In response to PPM 163 (School Board Policies on Service Animals), creation of a Service Animal/Guide Dog Policy.

Procedures for Preventative and Emergency Maintenance of Accessible Elements in Public Spaces

- Playgrounds are inspected weekly for visual items by the caretaker. If any components are found defective, a work order is submitted to eliminate the deficiencies.
- Playgrounds are also inspected monthly by the Plant Services Officers. Playground is checked by pushing, pulling on components to ensure they are not defective. If any are found defective then a work order is submitted to eliminate the deficiencies.
- Playgrounds are also inspected thoroughly, and an annual report is completed. A work order would be submitted for any defective item which also includes the surfacing being either rototilled, adding more surfacing or simply raking it to eliminate any holes.
- If any playgrounds require emergency maintenance, then the work order would be increased to high importance and the playground or the area of concern would also be blocked off with signage.

Procedures for Dealing with Temporary Disruptions

- As members of the general public, people with disabilities may rely on certain facilities, services or systems in order to access the services of the school or board offices.
- Escalators and elevators, for example, are important to people with mobility disabilities because that may be the only way they can access the premises. Other systems and services designed to meet the needs of people with disabilities can include accessible washrooms, amplification systems, and scribing services.
- When those facilities or services are temporarily unavailable or if they are expected to be temporarily unavailable in the near future, a notice of disruption of service will be posted at the site and on the Renfrew County Catholic District School Board's website.

Review and Monitoring Process

- The Accessibility Working Group will meet a minimum once per year to discuss and address barriers with respect to accessibility.
- The Chair of the Accessibility Committee will meet as required with Management and Senior Administration to discuss and address items specific to the implementation of the requirements and standards outlined within the AODA.
- The Chair of the Accessibility Committee, in consultation with Plant Services, will seek input and recommendations from Principals and Vice-Principals within the various schools in order to prioritize and designate areas for improvement.
- The Accessibility Plan will be updated at least once every five years.

Presentation of the Plan

The Chair of the Accessibility Committee will share the 2020-2023 Accessibility Plan to the RCCDSB Special Education Advisory Committee for recommendations and suggestions. After which time, the Plan will then be presented to the trustees at a Board Meeting. School Principals will then be asked to share the Accessibility Plan with their staff and School Council members.

Communication of the Plan

As a commitment to the RCCDSB's stewardship for the environment, the 2020-2023 Accessibility Plan will be made available to the public on the board's website. Paper copies of the plan are available upon request and in accessible format. Please contact Clint Young, Superintendent of Education, regarding these requests.

Appendix A: Where to Look for Barriers

Definition of disability:

The ODA adopts the broad definition for disability that is set out in the Ontario Human Rights Code. Disability is:

- (a) any degree of physical disability, infirmity, malformation or disfigurement that is caused by bodily injury, birth defect or illness and, without limiting the generality of the foregoing, includes diabetes mellitus, epilepsy, a brain injury, any degree of paralysis, amputation, lack of physical coordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment, or physical reliance on a guide dog or other animal or on a wheelchair or other remedial appliance or device.
- (b) a condition of mental impairment or a developmental disability;
- (c) a learning disability, or a dysfunction in one or more of the processes involved in understanding or using symbols or spoken language;
- (d) a mental disorder, or
- (e) an injury or disability for which benefits were claimed or received under the insurance plan established under the Workplace Safety and Insurance Act, 1997.

What is a barrier?

A barrier is anything that prevents a person with a disability from fully participating in all aspects of society because of his or her disability, including a physical barrier, an architectural barrier, an informational or communications barrier, an attitudinal barrier, a technological barrier, a policy or a practice.

Where to Look for Barriers

→Physical Barriers:

Furniture	Classroom design	Windows
Workstations	Planters	Chairs
Bathroom hardware	Doors	Doorknobs
Locks	Security systems	Handrails
Drinking fountains	Seats, tables, counters	Telephones

→Architectural Barriers:

Exterior to a building	Storage Areas	Lighting
Classrooms	Athletic Facilities	Entrances
Interior of a building	Cubicles	Assembly Halls
Parking areas	Drop-off zones	Washrooms
Hallways	Cafeterias	Elevators
Floors	Carpets	Escalators
Lobbies	Stairs	Reception areas
Stairwells	Offices	Closets

→Information/Communication Barriers:

Books	Forms	Signage
Printed information	Manuals	Equipment labels
Web-based resources	Fax transmissions	Brochures
Bulletin boards	Computer screens	Public announcements
Training		

→Attitudinal Barriers:

Biases and beliefs	Lack of information/knowledge	Lack of understanding
Lack of sensitivity/intolerance	Stigmatization	See also Policy/practice below

→Technological Barriers:

Computers	Websites	Keyboards
Operating systems	Standard software	Mice
Proprietary software	Printers	

→Policy/Practice Barriers:

Procurement and purchasing	Job postings	Hiring
Interviewing	Testing	Meeting
Promotion	By-laws	Regulations
Rules	Protocols	Safety and evacuation
Community use of facilities	Fax machines	Telephones
TTYs	Photocopiers	Appliances
Control panels	Switches
