

# RCCDSB ARTIFICIAL INTELLIGENCE

## Guiding Principles

**“At this time in history, which risks becoming rich in technology and poor in humanity, our reflections must begin with the human heart.”**

**- Pope Francis**

### HUMAN-CENTRED AND ETHICAL USE

Ensure that AI applications align with RCCDSB's mission of inclusivity, respect for human dignity, and Catholic Social Teachings, prioritizing the ethical use of AI to benefit all students and staff.

### SUPPORT FOR LEARNING AND INNOVATION

Leverage AI to enhance student learning experiences and foster innovation, ensuring that AI tools support the achievement, well-being, and development of all learners across the district.

### INCLUSION, DIVERSITY, EQUITY AND ACCESSIBILITY

Utilize AI technologies in ways that promote diversity, equity, accessibility and justice, ensuring that AI systems are culturally responsive, free from bias, and reflect the diverse values and identities of the RCCDSB community.

### TRANSPARENCY AND STAKEHOLDER ENGAGEMENT

Maintain open communication with students, parents, staff, and the community about AI use and its impact. Involve all stakeholders in developing AI guidelines and ensure that decisions regarding AI are clearly communicated and understood.

### DATA PRIVACY, SECURITY, AND ACCOUNTABILITY

Prioritize student and staff privacy by selecting AI tools that comply with privacy laws and RCCDSB policies. Regularly monitor and evaluate the impact of AI to ensure responsible usage while safeguarding against potential risks and biases.
